EXECUTIVE SUMMARY

Enthusiastic Computer Science Engineering student with a strong interest in **Software Development and Full Stack Development**. Possess knowledge of **Java, web technologies**, and software development fundamentals, along with strong problem-solving and analytical skills. Passionate about developing efficient and user-friendly applications, learning new technologies, and applying technical knowledge to real-world projects. Eager to contribute as a Software Developer while continuously enhancing technical and development skills.

EDUCATION CREDENTIAL

- Bachelor of Engineering – computer Science and Engineering, Mahendra College of Engineering, Salem | CGPA: 8.23 | Status: Currently Pursuing | Expected Graduation: 2027
- Senior Secondary (HSC) from Sri Vidya Mandir Senior Secondary School(CBSE)- passed out in 2023 with score 65%.
- Secondary (SSLC) from Sri Vidya Mandir Senior Secondary School(CBSE)- passed out in 2021 with score 60%.

TECHNICAL SKILLS:

- Programming Languages (Java, Python, JavaScript)
- Full Stack Development(HTML, CSS,JavaScript, JDBC, Servlets, JSP, Spring Boot, REST APIs)
- Databases(MySQL,MongoDB ,Firebase)
- Tools: Git, GitHub, Maven, Postman, VS Code
- Soft Skills:(Problem Solving ,Analytical Thinking ,Team Collaboration ,Continuous Learning)

INTERNSHIP EXPERIENCE

- ✓ **Artificial Intelligence Intern – EdiGlobe** *Aug 2025 to Oct 2025*
 - Completed a professional internship in Artificial Intelligence with hands-on exposure to AI concepts.
 - Improved problem-solving, communication, and analytical skills through real-time tasks.
- ✓ **Web Development Intern – EMATIX Embedded & Software Solutions Pvt. Ltd.**
 - Completed a internship in Front-End Web Development.
 - Worked on (HTML, CSS, React and Node Js) to build a web pages.
 - Gained exposure to industry-level development practices and teamwork.
- ✓ **Full Stack Development Intern – CodeAlpha** *Apr 2026 to May 2026*
 - Successfully completed a virtual internship in **Full Stack Development** through CodeAlpha.
 - Gained practical experience in front-end and back-end development, API integration, and responsive web design.

✓ **Full Stack Web Development Intern -Codtech IT Solutions Pvt.Ltd**

May 2026 – Jun 2026

- Developed responsive full-stack web applications using HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB, integrated REST APIs, collaborated with the development team, and successfully completed an 8-week internship.

PROJECTS

✓ **Artificial Intelligence Projects**

- **Major Project: Wind Turbine Power Prediction – Green Watt Energy Solutions:** Developed a machine learning model for forecasting wind turbine power output using operational and environmental data to improve energy efficiency.

✓ **Web Development Projects**

ProjectFlow Management System | React.js, Node.js, Express.js, MongoDB

GitHub: [praveen9102005/projectflow-management-](https://github.com/praveen9102005/projectflow-management)

- Developed a MERN-stack application for project and task management with secure authentication and role-based access control.
- Designed responsive dashboards to enable task tracking, team collaboration, and improved productivity.

Real-Time Collaborative Document Editor | React.js, Node.js, Express.js, MongoDB, Socket.io.

GitHub: [praveen9102005/Real--Time-collaborative-DOC-Editor-](https://github.com/praveen9102005/Real--Time-collaborative-DOC-Editor-)

- Developed a full-stack collaborative editor supporting concurrent document editing with real-time synchronization using Socket.io.
- Implemented user authentication and a responsive interface to enhance teamwork and communication.

College Webpage – CSE | HTML, CSS, JavaScript | Ongoing

GitHub:[praveen9102005/College-webpage-CSE](https://github.com/praveen9102005/College-webpage-CSE)

- Developed a responsive CSE department website with structured sections for faculty, labs, achievements, and department information.
- Designed an interactive and user-friendly interface to improve accessibility and navigation for students and faculty.

CERTIFICATIONS

- Artificial Intelligence – Course Completion Certificate in Edi-Globe.
- Participated in the "Gen AI-2025" Workshop conducted by **Kongu Engineering College**, Perundurai, focusing on the fundamentals and applications of Generative Artificial Intelligence.
- Front End Web Developer Certification — Infosys Springboard, 2026
